25X1 7. [] In meeting with Mr. Ralph Preston, House Appropriations Committee staff, today, he told me that the Radios will be covered in the continuing resolution which will be going before the House next week before the August recess. He foresees no problem in passage of the measure.

25X1 8. [] In response to his request I provided Jack Ticer, of the Senate Armed Services Committee staff, with additional copies of the paper entitled "The World Opium Situation."

I queried Ticer about Committee action on the markup of the military procurement bill. He said the Committee would be meeting again on Thursday, but he doesn't expect the bill to be reported out until after the summer recess.

25X1 9. [] George Murphy, of the Joint Committee on Atomic Energy staff, asked for any information we might have regarding

[]

25X1 10. [] Rush Greenslade called to alert us to the fact that the Joint Economic Committee has informally asked our economists for contributions to two studies which the Committee will be compiling. One is on the Soviet economy and the other on the economy of Communist China. A formal request is expected.

25X1 11. [] Messrs. Houston, [] conferred by phone with Mr. Maurice Lanman, Assistant General Counsel (Fiscal Matters), OSD, concerning a request Lanman made to Mr. Houston for Agency views on S. 2254, a bill by Senator Case to amend the Foreign Assistance Act and the Military Procurement Act. Lanman indicated that State Department had contacted them to coordinate a response which the Department is making to Senator Fulbright on the bill. DOD foresees possible Agency problems with this bill and asked us for our views. We discussed the bill with Lanman and told him we would be in touch with him tomorrow with a more definitive position.

25X1 9. [] Called Frances Henderson, Administrative Assistant to Senator Clifford P. Case (R., N.J.), to make an appointment with the Senator in response to a question he raised in a letter to Secretary of State Rogers of 27 May 1971. She said she understood what this was about-- in fact they had discussed it in the office yesterday. She said she would let me know when the Senator was available.

John Marks, Executive Assistant to the Senator, called to say that the Senator would not be able to see Mr. Helms this afternoon. I explained my call had been to make an appointment for myself to see the Senator since I was handling the matter for the Director. I said Marks might want to remind the Senator this subject had been discussed by the Director at a session of the Foreign Relations Committee on 23 March 1971 at which Case was present. Marks disputed this, saying that the discussion at that time concerned [] 25X1

[] I said I had checked the record and could verify from the record that the Newark Star Ledger story by Michael Morrow had been discussed on 23 March, and quoted excerpts from the transcript, explaining that the Director's answers to questions about this story had been off the record.

Marks asked if I knew about the State Department letter, saying he understood the Director himself was coming to see the Senator. I said I knew about the letter but the Director asked me to handle the matter since it was something with which I was familiar. After some discussion about fixing a time for me to meet with the Senator it was agreed that unless I heard to the contrary I would meet him in his office at 5:00 on Wednesday, 28 July. I added that I would discuss the subject only with the Senator alone. Marks said he had "the clearances." I said he did not have clearances for this matter which concerned Agency operations and which, per ground rules laid down by our Committee chairmen, we discussed only with appropriate Members themselves.

25X1 10. [] Called Ralph Preston, Staff Assistant, House Appropriations Committee, to clarify Chairman Mahon's desires as to a written outline or summary of the history of the Southeast Asian situation. He explained that the Chairman was interested not only in Laos but in a chronological outline of developments in the Indochina situation over the past several years.

I recommended to Harris Miller, on the staff of Representative William
Moorhead (D., Pa.), that he contact the office of Jerome H. Jaffe, the
President's Director of Special Action Office for Drug Abuse Prevention.
Miller said this was an excellent suggestion and added that he would call
that office.

25X1 13. [] In the absence of Senator Edward J.
Gurney (R., Fla.), I talked to his personal secretary, Lois Elliott, about
the inquiry the Senator's office had directed to the Department of Labor
regarding payments being made to the widows and families of the "Birmingham
flyers." As we expected, Miss Elliott said Senator Gurney was not aware of
the constituent inquiry which prompted their contact with the Department of
Labor. I advised her these men were not soldiers of fortune as alleged by
the constituent and left with her a suggested reply which merely said the
Senator had looked into the matter and found payments being made were in
accordance with applicable law. She said she was sure this would satisfy
their needs.

25X1 7. [] Mr. Larry McHugh, on the staff of the Joint Economic Committee, called with further reference to the Committee's hearings which will include testimony on the status of the Soviet economy. He said that Dick Davies, of State Department, has agreed to testify before the Committee at 2 p.m. on 9 August. McHugh has been unsuccessful in getting through to the right people in the State Department, but wanted to be certain that we were in touch with the Department to give them whatever information we had to contribute on the subject. I told McHugh I would assure this was being done and passed this message to Mr. Paul Walsh.

25X1 8. [] Met with Bill Woodruff, Counsel, Senate Appropriations Committee, and left with him a New China News Agency broadcast allegedly quoting statements made by Senator Ellender as to the size of the U.S. budget. Woodruff said the Chairman would be interested in this and thanked me for bringing it to him.

I took this opportunity to brief Woodruff on the fact of the Director's budget sessions with the House Appropriations Committee, the problem which the flood of bills such as the Church, Cooper, and McGovern bills would create for the Agency, and the situation regarding contacts made by the Ribicoff/Muskie Subcommittees and Representative Rogers on the drug situation.

25X1 9. [] After conferring with the Director, I contacted Robert Maher, on the staff of Representative Paul Rogers (D., Fla.), to tell him I had talked with the Director and while we could not release the TDCS to the Congressman, the Director was happy to have Mr. Ludlum meet with Mr. Rogers to brief him on the Agency's role in assisting in coping with the overall drug problem. This meeting was scheduled for 10 a.m. on Friday.

25X1 5. [] Mr. J. Sourwine, Chief Counsel, Senate Internal Security Subcommittee, called concerning an article by Alice Widener entitled "SECRET NSC-68 MUST BE DECLASSIFIED!" appearing in the U.S.A. Magazine. In her article, Miss Widener referred to the leak to a newsman in 1964 of "NSC-68", described as a highly classified document on U.S. policy in Korea and written in 1950. In view of the recent leak of the Pentagon papers, Miss Widener stressed that "NSC-68" should be declassified to give the true story on Korea. Mr. Sourwine stated that "a Senator" had read the article and questioned him as to whether such a document would still be classified. He asked if we could check this out for him. Internal checks were negative concerning "NSC-68" and Mr. Sourwine was advised our inquiries failed to reveal any information as to such a document. He furnished a copy of the article and did not press his inquiry.

25X1 15. [] Ed Braswell, Chief Counsel and Staff Director, Senate Armed Services Committee, called to say Chairman Stennis would appreciate a briefing on the Agency budget for himself and Senator Margaret Chase Smith tomorrow afternoon, possibly at 2:00 or 2:30 p. m.

25X1 16. [] Called Joe Wolf, State Department, regarding Senator Stuart Symington's letter to the Secretary asking for information about U.S. agreements and arrangements for the exchange of intelligence and other classified information. I emphasized our concern that nothing be said which would commit any of us to anything in this regard, since I felt it raised a principle of primary concern to the Director in connection with intelligence sources and methods. Mr. Wolf said he fully appreciated this adding he and Ray Cline had discussed the matter at some length and speculated that Symington was mainly concerned not about intelligence liaison but about the exchange of other classified information, perhaps based on intelligence on high levels within the NATO community. He mentioned atomic information as an example. Mr. Wolf said he planned to examine the matter further and perhaps call a meeting of interested agencies to discuss it before a final response to Symington.

25X1 17. [] Called Art Kuhl, Chief Clerk, Senate Foreign Relations Committee, to remind him that we looked to him to ensure the security of the conclusions of a TRW study which we had given to Phil Trimble, of the Subcommittee on Arms Control, International Law and Organization. Kuhl 25X1A said he already had it in his safe.

25X1 5. [] Mr. Morris Amitay, Special Assistant to Senator Abraham Ribicoff (D., Conn.), called about drug hearings which the Subcommittees on Intergovernmental Relations and Executive Reorganization and Government Research of the Senate Government Operations Committee proposes to conduct on the subject of the part which officials of allied governments are playing in the drug traffic and the steps our Government is taking and can take to stop that traffic. Amitay said that Senators Muskie and Ribicoff would like to have members of the two Subcommittee staffs as well as himself and members of Senator Muskie's personal staff receive a briefing on this subject prior to the executive session. I asked Amitay if he was thinking of a briefing by the Agency only or one in which several agencies would participate. Amitay said it was his understanding that the Agency was the best source of information for their purposes and he proposed a staff briefing by the Agency only. I told him I would have to check on this and be back in touch with him.

25X1 6. [] Following the budget briefing session with the House Appropriations Committee, Mr. Ralph Preston, of the Committee staff, called and asked if we could resume the hearing Thursday morning at 9:30 a.m. After checking on this I confirmed the time and date with Preston.

25X1 7. [] Mr. William McAfee, of INR, State Department, called about Senator Church's bill, S. 1887. He said INR was preparing some counter-arguments against this bill and would like to keep in touch with us. I told McAfee we were asking our people for suggestions on this and we would keep in touch with him.

25X1 8. [] Hand-carried to Mrs. Mildred Ward, Secretary to Senator John Stennis (D., Miss.), a draft of a speech which Mr. Maury had prepared in response to Senator Stennis' request.

25X1 12. [] Ed Braswell, Chief Counsel, Senate Armed Services Committee, called and asked if we could be available to brief Senator Stennis and Senator Margaret Chase Smith on the Agency's budget tomorrow morning. I told Braswell that the Director and all of our budget people would be attending a budget hearing with the House Appropriations Committee tomorrow, making the session with the Senators impossible. I emphasized, however, that we were not only willing but anxious to brief Senator Smith on the Agency's budget since she had been unable to attend the budget hearing with the Senate Appropriations Intelligence Operations Subcommittee. Braswell said he would explain the problem to Senator Stennis and added that he would probably ask us to do this sometime before the end of the week.

Braswell suggested that we be marshaling our arguments against S. 2224, Senator Cooper's bill to require the Agency to transmit to the Congress intelligence information and the Agency's analysis of it. We discussed the impact of this legislation at some length, but Braswell suggested that we wait until we had had further contact with the Committee before we submitted views on the bill. 25X1A

25X1 8. [] After checking with the Acting DDI on the procedure followed in a similar situation in 1969, I called Larry McHugh, on the staff of the Joint Economic Committee, concerning the JEC's request to have the Director appear at an open Committee session next month to testify on the Soviet economy. I advised McHugh of Senator Proxmire's call to the Director, the Director's consultation with Senator Stennis, and our understanding of the latter's contact with Senator Proxmire on the subject with the ultimate understanding that the Director would not testify but that the Agency would cooperate by assisting the State Department in the preparation of testimony on the subject. McHugh was not aware of any of these contacts and thanked me for advising him. I indicated that if there were any further questions to let me know.

10. [] Met with Chairman Stennis, of the Senate Armed Services Committee, and explained our problems with Senator Proxmire's request for the Director's appearance in an open session of the Joint Economic Committee to discuss the Soviet military budget and Senator Muskie's request for a copy of a sensitive study on the Soviet ICBM program prepared for the Agency by TRW.

Stennis agreed and said he would support my recommendations that Proxmire's request be met by our providing material to the State Department for presentation to the Committee and that Muskie's request be met by providing the conclusion of the study in question and allowing a duly cleared staff member to examine the backup material under our control.

Senator Stennis explained his request for a draft speech he could make on the floor emphasizing the importance of the Agency, the necessity for maintaining its security, and its effectiveness in serving the national interest. He said he wanted me to prepare this speech and include any material I thought useful, and that it was not necessary to coordinate it with members of his staff.

11. [] In response to a call to the Director's office from Senator Kennedy's office, I called Mark Schneider, of the Senator's staff. Schneider said the Senator wanted a copy of the CIA publication quoted by Tad Szulc in today's New York Times. I said this was an official publication for the use of the White House, NSC, and other Executive agencies and not available for circulation outside of the Executive community. I told him that while we could not provide the document we would be glad to brief the Senator orally on the significance of the Viet Cong peace proposals which the document discusses. Schneider said he had checked with Mrs. Davis, of the White House, who said it was not an NSC publication. I said it had not been requested by the NSC but was disseminated to NSC members and to the Executive officials. He asked the classification and I said I was not sure but believed it was higher than confidential. He asked if the item contained anything more than the passages quoted by the Times. After consulting with Mr. Carver and checking with the Director, I called Schneider back to say the portions quoted by the Times did not represent the full text.

25X1 5. [] Ed Braswell, Chief Counsel, Senate Armed Services Committee, called regarding the article by Tad Szulc in the New York Times discussing a document reportedly prepared by the Agency on the latest Viet Cong peace proposal. Braswell commented that this appeared to be a leak from an Administration source and added it was very difficult for people on the Hill to take a stand against indiscriminate leaks of classified information when it appears that the Administration is engaging in the same practice. I told him we were very concerned about the article also and added Mr. Maury was on the Hill and would be seeing Senator Stennis and him during the course of the day. I told him Mr. Maury might have some further thoughts on this.

25X1 6. This has been forwarded to the Director and copies sent to Colonel White and Mr. Duckett.

25X1 8. [] Bill Shinn, a State Department intern now working in the office of Senator Adlai Stevenson III (D., Ill), called in connection with the bill introduced by Senator Cooper. Shinn recalled the briefing we had given Representative Brad Morse (R., Mass.) on Africa prior to the Congressman's travel there and asked if the Agency did this with other members. I told Shinn that we try to be responsive to requests of this sort whenever we could do so. Shinn obviously was concerned with the impact of the Cooper bill.

25X1 10. Senator Stennis said he would call me later to fix a date for a meeting but in the meantime wanted to tell me he was concerned about Senator Cooper's bill to make CIA information available to the Senate as a whole, and wanted to speak against this bill, and at the same time pay tribute to the Agency. He asked that we prepare material suitable for this purpose to be available early next week.

25X1 4. [] Talked with Dorothy Fosdick, Senate Subcommittee on National Security and International Operations staff, about her 1 July 1971 note concerning articles published by Dino Frescobaldi. I told Miss Fosdick that on the basis of a review of Frescobaldi's articles over the past three months our people would not rate this material very highly, adding that much better work is available in the Western press. I advised that Frescobaldi's work is based primarily on the Cairo rumor market, Sadat's public speeches, and articles carried in Beirut newspapers. Under the circumstances we would think that the Subcommittee would not want to be in a position of having his articles translated and circulated. Miss Fosdick said this was precisely what she wanted to know, but asked if we would translate one or two of Frescobaldi's better articles for her own perusal.

25X1A [] is arranging for this.

25X1 5. [] Talked to Ralph Preston, Staff Assistant, House Appropriations Committee, who said Chairman Mahon wanted to meet with the Director for no more than an hour on Friday, 9 July, and discuss the Director's trip and have a "philosophical" chat about the "Pentagon papers"--not just the security aspect but their impact on U.S. policy and the U.S. leaders involved. He said Representative Frank Bow would be out of town but Representative George Andrews would attend and possibly Representative William Minshall.

25X1 6. [] Later Chairman Mahon himself called and repeated that he had in mind just an informal chat with the Director, particularly about his recent trip at 10:00 a.m. on Friday, 9 July. Regarding the "Pentagon papers" Mahon said he realized the Director had been out of town and hadn't had a chance to study the documents closely so it would be all right to bring someone else who had, and not bother the Director with it.

Chairman Mahon expressed concern about the two bills just introduced by Senators Cooper and McGovern (the first making intelligence information available to the Congress, and the other requiring CIA funds appear in the budget).

25X1 4. [] Mr. Ralph Preston, House Appropriations Committee staff, called and asked if the Director would be available to meet with Chairman Mahon and "a Republican member of the Committee" tomorrow for the purpose of discussing the "Pentagon papers" and bringing them up-to-date on any new developments worldwide. I told Preston the Director had returned from his trip abroad, but was presently out of the city again and was not expected back until Wednesday evening at the earliest. We subsequently agreed to the Director's coming up Friday morning. When I asked Preston for clarification about Mr. Mahon's interest in discussing the "Pentagon papers," he said the Chairman merely wanted to talk this situation over in general with responsible people in Government and since he had a high regard for the Director and his opinions he merely wanted to chat with him about it.

Mr. Preston also asked if we could make our budget presentation on Tuesday morning, 13 July. This session might run into the afternoon but it is doubtful that the afternoon session would be very lengthy since the Chairman has another commitment. Preston said he would like us to follow essentially the same format which was used in the Senate budget hearings, i. e., 15 to 20 minutes on the intelligence community budget and the balance on the Agency budget. I told Preston I would check both of these dates with the Director and be back in touch with him as soon as I could confirm them.

resolution will be extended at least through Labor Day. It is the staff's
opinion that this is to the good for the reason that the energies of the
full Committee will be taken probably until Labor Day in consideration
of the aid bill. Since consideration of H.R. 9330 will be had by the full
Committee rather than by a Subcommittee, no hearings are anticipated
until the Committee completes action on the aid bill.
